

MVP™3000

High-Security Slam-to-Lock System

SECURITY THAT KEEPS YOUR BUSINESS MOVING

Designed for commercial vehicles, the **MVP™3000** automatically secures your van's doors the moment they close, no extra steps needed. Built for intensive, day-to-day use, it offers reliable protection for growing fleets, busy delivery operations and independent professionals alike.

KEY FEATURES

Slam-to-Lock: Cargo secured automatically when the door shuts

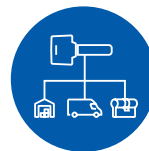

Emergency Opening: Allows quick access when needed

Fits All Door Types: Suitable for rear and side doors of most commercial vehicles

Mul-T-lock® Patented Cylinder Inside: For high resistance against lock manipulations and advanced key copy control

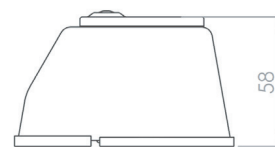

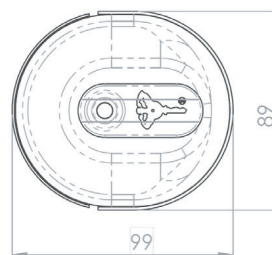

One Key Solution: Use a single key for your van, warehouse, and office

Quick and Easy Installation: No need for modifications or wiring

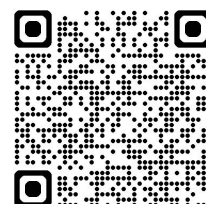

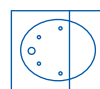

The MVP™3000 WAS VOTED BEST NEW PRODUCT AT THE 2025 ALOA CONVENTION & SECURITY EXPO

INSTALLATION & SUPPORT

Each kit includes:

- Generic installation manual and positioning templates
- Commercial demonstration video
